Scaling UP Starter Questions

Here are a few questions for you to reflect on in advance of the session as a way to explore your mindset and thinking in this area.

What is the largest piece of work you have completed so far?

How did it feel to complete this piece?

What were some of the challenges you faced? Both practical and mindset?

Do you have a size of work you feel most comfortable with and if so what size is it?

What are the things you tell yourself about this size of work?

What are the things you tell yourself about the idea of making larger works?

Having completed these questions, what do you think some of the challenges might be for you, if any, in making larger works?
